The Regular and Special Assessments, together with interest, costs and reasonable attorney's fees, shall be and constitute until paid a continuing charge against and lien upon such lot or property against which each such assessment is made. Each such assessment, together with interest, costs and reasonable attorney's fees, shall also be the personal obligation of the person who was the owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

Section 2. Purpose of Assessments.

The assessments levied by the Association shall be used exclusively without any part of the net earnings inuring to the private benefit of its members, to promote and sustain their social welfare and otherwise provide for their health, pleasure, recreation, safety and other non-profitable interests by acquiring, maintaining, operating, contributing to the acquisition, maintenance or operation of, or otherwise making available for use any one or more area entrances or entry structures, swimming pools, tennis courts, and any other recreational equipment, facilities, grounds, or structures, to provide weed and other actual or potential nuisance abatement or control, security service, domestic water supply, and other community services, to provide architectural control and secure compliance with or enforcement of applicable covenants, easements, restrictions and similar limitations, and to undertake such other activities appropriate, convenient or necessary to promote or sustain any such interest.

Section 3. Regular Assessments.

Before each fiscal year, the Board of Directors of the Association shall adopt and fix in reasonably itemized detail an annual budget of the Working Fund for the then anticipated fiscal affairs and general operations of the Association for that year, and shall levy and collect monthly assessments from each lot on the properties which, considering the revenue derived from regular annual assessments on unimproved lots and other sources of income, if any, shall be sufficient to fund the budget for said fiscal year. The regular assessment with respect to all improved lots shall be uniform in amount. In recognition of the fact that a substantial portion of the budget for the Working Fund for maintenance will be attributable to upkeep, maintenance and security upon improved lots and the common area surrounding said improved lots as opposed to unimproved lots, the regular assessment for each unimproved lot will be the sum of \$1.00 per month until commence of construction thereon, and after the commence of construction and until

said lot be improved as herein defined, the regular assessment shall be \$2.00 per month for each unimproved lot. The budget and assessments shall be approved and ratified by the Directors at the annual meeting prior to any other business to be undertaken at said annual meeting.

Section 4. Special Assessments for Capital Improvements and Extraordinary Expenses. In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the common area, including fixtures and personal property related thereto, or to defray in whole or in part any extraordinary general expenses of the Association, 1/12 of said assessment shall be due and payable one month from the date of levy with a like sum due and payable each and every month thereafter, along with the regular assessment with respect to said lot, until the said assessment shall be paid in full.

Section 5. Date of Commencement of Annual Assessments: Due Dates: The regular annual assessments provided for herein shall commence as to all unimproved lots on the first day of the month following the filing of this Declaration. The regular annual assessments provided herein as to all improved lots shall commence the first day of the month following the month during which the construction of a dwelling on said lot shall become at least 95% completed according to the plans and specifications for construction of said dwelling. As provided in the Bylaws, the first regular annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certification signed by an officer of the Association setting forth whether the assessments on a specified lot have been paid.

Section 6. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of nine (9%) percent per annum. The Association may bring an action at law against the owner personally obligated to pay the same or foreclose the lien against the property in the same manner as provided by law for foreclosure of mortgages. No owner may waive or otherwise escape liability for the assessment provided herein by non-use of the common area or abandonment of his lot.

Section 7. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any lot shall not affect the assessment lien. However, the sale or transfer of any lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior

to such sale or transfer. No sale or transfer shall relieve such lot from liability for any assessments thereafter becoming due or from the lien thereof.

Section 8. Exempt Property. All properties dedicated to, and accepted by, a local public authority and all properties owned by a charitable or non-profit organization exempt from taxation by the laws of the State of Nebraska shall be exempt from the assessments created herein. However, no land or improvements devoted to dwelling use shall be exempt from said assessments.

ARTICLE V **ARCHITECTURAL CONTROL**

No building, fence, wall or other structure shall be commenced, erected or maintained upon the Properties, nor shall any exterior addition to or change or alteration therein be made until the plans and specifications showing the nature, kind, shape, height, materials, exterior color scheme, and location of the same shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Board of Directors of the Association, or by an architectural committee composed of three or more representatives appointed by the Board ("Committee"). In the event said Board, or its designated Committee fails to approve or disapprove such design and location within thirty (30) days after said plans and specifications have been submitted to it, approval will not be required and this Article will be deemed to have been fully complied with. The plans and specifications submitted by Construction Sciences, Inc. for homes meeting or exceeding the specifications contained in Section 11 of these Declarations, having two car garages, and pre-approved by the Board or Committee shall not be subject to the approval requirements.

Section 10. Temporary Structure. No trailer, basement, tent, shack, garage, barn or other outbuilding shall at any time be used for human habitation, temporary or permanent, nor shall any structure of a temporary character be used for human habitation; provided, however, nothing contained shall restrict Declarant or his assigns from locating, constructing or moving a temporary real estate and/or construction office on any building site in the properties to be used during the period of the construction and sale of the properties. Declarant or his assigns may also erect and maintain model homes for sales purposes and rental and lease purposes, and may operate such office or offices therein for so long as they deem necessary for the purposes of selling, renting or leasing the properties.

Section 11. General Building Restrictions.
