PROPERTY RIGHTS

Section 1. Owners' Easement of Enjoyment. Every Owner shall have a right and easement of enjoyment in and to the Common Area which shall be appurtenant to and shall pass with the title to every lot, subject to the following provisions:

- (a) The right of the Association to charge reasonable admission and other fees for the use of any recreational facility situated upon the Common Area;
- (b) The right of the Association to suspend the voting rights and right to use any recreational facilities by an Owner for any period during which any assessment against his Lot remains unpaid: and for a period not to exceed sixty (60) days for any infraction of its published rules and regulations; and
- ⊙ The right of the Association to dedicate or transfer all or any part of the Common Area to any public agency, authority, or utility for such purposes and subject to such conditions as may be agreed to by the members. No such dedication or transfer shall be effective unless an instrument agreeing to such dedication or transfer signed by two-thirds (2/3) of each class of members has been recorded.

Section 2. Delegation of Use. Any Owner may delegate, in accordance with the by-laws, his right of enjoyment to the Common Area and facilities to the members of his family, his tenants, or contract purchasers who reside on the property.

ARTICLE III

HOMEOWNERS ASSOCIATION

Section 1. Membership and Voting Rights.

(1) Every Owner of a Lot which is subject to assessment shall be a member of the Association. Membership shall be appurtenant to and may not be separated from ownership of any Lot which is subject go assessment.

(2) The Association shall have two (2) classes of voting membership:

Class A. Class A members shall be all Owners, with the exception of the Declarant, and shall be entitled to one vote for each Lot owned. When more than one person holds an interest in any Lot, all such persons shall be members. The vote for such Lot shall be exercised as they determine, but in no event shall more than one vote be cast with respect to any Lot.

Class B. The Class B member(s) shall be the Declarant and shall be entitled to four (4) votes for each Lot owned. The Class B membership shall cease and be converted to Class A membership when the total votes outstanding in the Class A membership exceed the total votes outstanding in the Class B membership.

Section 2. Covenants for Maintenance and Assessments.

(1) Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each Lot owned within the Properties, hereby covenants and each Owner of any Lot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association:

- (a) Annual assessments or charge; and
- (b) Special assessments for capital improvements, such assessments to be established and collected as hereinafter provided.

The annual and special assessments, together with interest costs, and reasonable attorney fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with interest, costs, and reasonable attorney fees, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

(2) Purpose of Assessments. The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety, and welfare of the residents in the Properties and for the improvement and maintenance of the Common Area and recreational facilities.

(3) Maximum Annual Assessments. Until January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment shall initially be determined by the Declarant.

(a) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the annual assessment may be increased by not more than the greater of either: (i) five percent (5%); or (ii) the percentage rise in the Consumer Price Index (published by the Department of Labor, Washington, D.C.) for the preceding October over the prior year's October, without a vote of the membership.

(b) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the annual assessment may be increased above said percentage (Paragraph (a) above) by a vote of two-thirds (2/3) of each class of members who are voting by person or proxy at a meeting duly called for this purpose.

○ The Board of Directors may fix the annual assessment at an amount not in excess of the maximum.

(4) Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto: PROVIDED THAT, any such assessment shall have the assent of two-thirds (2/3) of the voters of each class of members who are voting in person or by proxy at a meeting duly called for this purpose.

(5) Notice and Quorum for Any Action Authorized: Under Sections 3 and 4. Written notice of any meeting called for the purpose of taking any action authorized under Section 3 or 4 shall be sent to all members not less than thirty (30) days nor more than sixty (60) days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

(6) Uniform Rate of Assessment. Both annual and special assessments, with respect to all improved Lots, shall be uniform in amount. In recognition of the fact that a substantial portion of the budget for the Working Fund for maintenance will be attributable to upkeep, maintenance and security upon improved Lots as opposed to unimproved Lots, the regular assessment for each unimproved Lot will be equal to the equivalent of twenty-five percent (25%) of the regular assessment due for each improved Lot. Said assessments may be collected on a monthly basis.

2001-183777 F

(7) Date of Commencement of Annual Assessments; Due Dates. The annual assessments provided for herein shall commence as to all Lots on the first day of each month following the conveyance of the Common Area. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid. A properly executed certificate of the Association as to the status of assessments on a Lot is binding upon the Association as of the date of its issuance.

(8) Effect of Non-Payment of Assessments; Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of twelve percent (12%) per annum. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Lot.

(9) Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage or first deed of trust. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessment as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability or any assessments thereafter becoming due or from the lien thereof.

(10) Insurance. The Association shall not provide any property or liability insurance. Each Owner, including the Declarant, shall individually procure and maintain insurance on such Owner's Lot(s), improvements thereto and on the contents, decorations, furnishings and personal property therein.

**Section 3. Exterior Maintenance.**

In addition to maintenance upon the Common Area, the Association shall provide maintenance upon each Lot which is subject to assessment hereunder, as follows: weeds, mowing, snow removal, and other exterior improvements that the Board from time to time may determine to be appropriate.

In the event that the need for maintenance or repair of a Lot or the improvements thereon is caused through the willful or negligent acts of the family, guests, or invitees of the Owner of the Lot needing such maintenance or repair, the cost of such exterior maintenance shall be added to and become part of the assessment to which such Lot is subject.

The Lot owner will maintain and provide it's own exterior maintenance and repairs, including all costs associated as follows: paint, repair, replacement and care of roofs, gutters, downspouts, exterior building surfaces, erosion control, walks, landscaping, retaining walls, fences, grass, sprinklers, watering, and other exterior improvements that the Board from time to time may determine to be appropriate.

In the event the Owner should fail to properly maintain or repair a lot or the improvements thereon due to the willful or negligent acts of the Owner, family, guests or invitees of the Owner of the Lot needing such maintenance or repair, the Association shall give written notice to the Owner and 30 days to cure said failure. If after 30 days the failure is not cured, the Association shall have the right to cure said failure. All costs incurred by the Association, including legal fees, shall become part of the assessment to which such lot is subject.

ARTICLE IV

Section 1. Architectural Control.

(1) Before the construction of the original structure on each Lot, no building, fence, wall or other structure shall be commenced, erected or maintained upon the Properties, nor shall any exterior addition to or change or alteration therein be made until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Board of Directors of the Association, hereinafter referred to as the "Board" or by an architectural committee, hereinafter referred to as "Committee" composed of three (3) or more representatives appointed by the Board. In the event the Board, or the Committee fails to approve or disapprove such design and location within thirty (30) days after said plans and specifications have been submitted to it, approval will not be required and this Article will be deemed to have been fully complied with.

(2) After the construction of the original structure on each Lot, no building, fence, wall or other structure shall be commenced, erected or maintained upon the Properties, nor shall any exterior addition to or change or alteration therein be made until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Board and/or the Committee.

(3) Documents submitted for approval shall be clear, concise, complete, consistent and legible. All drawings shall be to scale. Samples of materials to be included in the improvements may be required of the applicant at the discretion of the Board and/or Committee. Submittals for approval shall be made in duplicate and the comments and actions of the Board and/or Committee will be identically marked on both copies of said submittals. One copy will be returned to the applicant, and one copy will be retained as part of the permanent records of the Board and/or Committee. Each applicant shall submit to the Board and/or Committee the following documents, materials and/or drawings:

- a) Site plan indicating specific improvement and indicating Lot number, street address, grading, surface drainage and sidewalks; and
- b) Complete construction plans, including, but not limited to, basement and upper floor plans, floor areas of each level, wall sections, stair and fireplace sections and exterior elevations clearly indicating flues or chimneys, type and extent of siding, roofing, other faces and/or veneer materials.

Section 2. Restrictions for Residential Units.

(1) Residences built on Lots shall comply with the following minimum size requirements:

- a) Each one story residence shall contain no less than 1,200 square feet of living area above the basement level and exclusive of garage area;
- b) Each one and one-half or two story residence shall contain no less than 1,500 square feet of total living area above the basement level with a minimum of 1,200 square feet on the main level, exclusive of garage area.

(2) Other residence styles not described above in this Section, will be permitted only if approved by the Board and/or Committee and shall not be approved unless they are compatible with other residences to be built on the Property in the opinion of the Board and/or Committee in its sole and absolute discretion.

(3) All residences shall, as a minimum, have attached, enclosed, side-by-side, two car garages which must contain a minimum area of 400 square feet built at approximately the main level of the residence. Other or additional garages may be permitted at the discretion of the Board and/or Committee.

(4) For the purposes of these restrictions, two-story height shall, when the basement wall is exposed above finish grade, be measured from the basement ceiling on the exposed side(s) to the eave of the structure on the same side(s). Living Area means finished habitable space, measured to the exterior of the enclosing walls, and does not include porches, stoops, breezeways, courtyards, patios, decks, basements, garages or carports. The maximum height of the dwelling shall be two (2) stories. The basement is not considered a story even if it is one hundred percent (100%) above grade on one or more sides, and essentially below grade on the other sides.

(5) All buildings shall be located at least twenty feet (20') from the front Lot line, and a minimum of Fifteen feet (15') from the rear property line. All buildings shall have at least five foot (5') sideyards. On corner Lots, either street side may be designated by the owner/builder as the front, and either non-street side as the rear. The minimum setback requirement for the non-front street exposure is fifteen feet (15') from the property line. For purposes of this restriction, eaves, open patios, and steps shall not be considered part of the building. The above provisions parallel the present zoning requirements of Sarpy County for the Lots. In the extent that the zoning requirements for a Lot or Lots are subsequently changed by Sarpy County to be less restrictive than the present requirements, or in the event a waiver or variance of some of the requirements for a Lot or Lots is granted by the appropriate authority, the Board and/or Committee shall have the right and authority, but not the obligation, to grant in whole or in part the relaxation of requirements allowed by the zoning changes, waiver or variance, all in the sole and absolute discretion of the Board and/or Committee.

(6) Exposed portions of the foundation on the front of each dwelling are to be covered with clay-fired brick or stone even if a portion of those exposed foundations may be perpendicular, or nearly so, to the affronting street. Exposed portions of the foundation on the side of each dwelling facing the street, when said dwelling is located on a corner Lot, are to be covered with clay-fired brick or stone. Exposed portions of the foundation on the sides, or rear, not facing a street of a dwelling on the sides and rear of every other dwelling shall be covered with clay-fired brick, stone, siding or shall be painted.

(7) In the event that a fireplace is constructed as a part of the dwelling, said fireplace and/or enclosure for the fireplace flue shall be constructed of or finished with, clay-fired brick or stone. In the event that a fireplace is constructed as a part of the dwelling in a manner so as to protrude beyond the outer perimeter of the front or side of the dwelling, or is exposed above the roof, the enclosure of the fireplace and flue shall be constructed of clay-fired brick or stone. If the fireplace and/or enclosure for the fireplace flue is constructed in such a manner so as to protrude beyond the outer perimeter of the rear of the dwelling, the enclosure of the fireplace and flue shall be constructed of, or finished with, the same material as is the dwelling at the point from which the fireplace an/or flue protrudes or shall be constructed of, or finished with, clay-fired brick or stone. No furnace flue may protrude more than four feet (4) from the roof of the dwelling, as measured from the top cap of the flue to the point from which the flue emerges from the roof. All furnace flues must be located on the rear side of the roof ridge within four feet (4) of the roof ridge.

(8) No fence(s) may be built forward of the rear-most wall at each side (corner) of the rear of the dwelling or within thirty-five feet (35') of a lot line which adjoins the golf course. Fences shall be constructed only of vinyl, decorative iron, brick or stone and are subject to the approval of the Board and/or Committee. Temporary or permanent barded wire, electrified, wood and/or snow fences are strictly prohibited. Any fence(s) existing on the date of this Declaration is hereby approved, but the existence of such fence(s) in no way constitutes a waiver or allows for the construction or installation of a fence in violation of this Section.

(9) No structure of a temporary character, trailer, basement, tent, shack, barn or other out building shall be erected on any of said Lots, or used as a residence, temporarily or permanently. No prefabricated or factory built house or residential dwelling built elsewhere shall be moved onto or assembled on any of said Lots. No pre-cut dwelling shall be assembled on any of said Lots. No full or partial subterranean dwelling or log houses shall be constructed or erected on any of said Lots. No dwelling shall be moved from outside of the Properties onto any of said Lots.

(10) No flat or mansard roof shall be permitted on any dwelling. All dwellings shall be roofed with wood shakes, wood shingles, or other roofing materials which have the approval of the Board and/or Committee in its sole and absolute discretion.

(11) Public sidewalks are the responsibility of, and shall be constructed by, the then Owner of a Lot prior to the time of completion of a dwelling and before occupancy thereof. The extent of sidewalks, location, construction details, materials and grades shall be in accordance with the regulations of the City of Omaha and any revisions thereof. The maintenance of said sidewalks, after construction, shall be the responsibility of the Owners of each of the Lots.

(12) The Declarant has created a water drainage plan by grading the Properties and installing improvements and easements for storm drainage in accordance with accepted engineering principles. No building shall be placed, nor any Lot graded, to interfere with such water drainage plan nor cause damage to the building or neighboring buildings or Lots.

ARTICLE V

STAGED DEVELOPMENTS

Additional land adjacent to Tiburon View, a Subdivision in Sarpy County, Nebraska, may be developed by the Declarant. A new and separate homeowners association will be created for the purpose of providing for maintenance, preservation and architectural control of the dwelling amenities and common area of the future development. Upon a vote of a majority of the members of the Association and a majority of the members of the homeowners association of the future development, the two homeowners association may be merged into one association by any legal means necessary. If the members of the Association and the homeowners association of the future development do not vote to merge into one association, they shall remain separate.
