

PROTECTIVE COVENANTS AND RESTRICTIONS

TO WHOM IT MAY CONCERN:

The undersigned, Pacesetter Homes, Inc., a Nebraska Corporation, owner of Lots 1 through 130, inclusive, in Millard Highlands, a subdivision in Douglas County, Nebraska, does hereby state, publish and declare that all of said lots are and shall be owned and held under and subject to the covenants, conditions and restrictions set forth below:

1. The covenants, conditions and restrictions are to run with the land and shall be binding upon all owners, present and future, until January 1, 2002, at which time said covenants shall be automatically extended for a successive period of ten (10) years, unless by vote of the majority of the then owners of said lots, it is agreed to change said covenants in whole or in part.

2. If the owners of any lot or their heirs, successors or assigns shall violate or attempt to violate any of the covenants herein, it shall be lawful for any owner of any lot to bring any legal proceeding against such person violating or attempting to violate such covenants either to prevent him or them from so doing or to recover damages or other compensation due for such violation; but this instrument shall not be construed as placing any liability or obligation for its enforcement upon the undersigned. Invalidation of any one of the covenants by judgment or court order shall in no way effect any of the other provisions, which shall remain in full force and effect.

3. All lots shall be used for residential, recreational, church, school, or park purposes. Model homes constructed by the undersigned developer, its agents and assigns, for the purpose of displaying and selling homes will not in any way be a violation of these covenants.

4. That no noxious or offensive trade or activity shall be carried on upon any lot, nor shall anything be done thereon which may or become an annoyance or nuisance to the neighborhood.

5. No trailer, basement, tent, shack, garage, barn, or any structure of any kind or character erected on said real estate shall at any time be used as a residence temporarily or permanently. No dwelling constructed in another area or addition may be moved onto or permitted to remain on any lot in this subdivision.

6. A perpetual license and easement is hereby reserved in favor of and granted to Omaha Public Power District and Northwestern Bell Telephone Company, their successors and assigns, to erect and operate, maintain, repair, replace and renew buried or underground cables, conduits, poles with the necessary supports, sustaining wires, cross-arms, guys and anchors and other instrumentalities and to extend thereon wires for the carrying and transmission of electric current for light, heat and power for all telephone and telegraph and message service over, under, through and upon a five (5) foot strip of land adjoining the rear and

side boundary lines of said lots in said Addition; said license being granted for the use and benefit of all present and future owners of lots in said Addition; provided, however, that said side lot line easement is granted upon the specific condition that if both of said utility companies fail to construct cables, conduits or poles along any of said side lot lines within thirty-six (36) months of date hereof or if any poles or wires are constructed but are thereafter removed without replacement within sixty (60) days after their removal, then this side line easement shall automatically terminate and become void as to such unused or abandoned easementways. All telephone entrances to residences or other principal structures on any of said lots shall be underground and the owner of each lot shall provide or have constructed at his cost the underground entrance to the residence which shall meet the following specifications: A 1/2 inch standard galvanized electrical conduit shall be put through the rear outside wall in the middle of each structure. This conduit shall extend 24 inches below the final rear grade line and extend flush into the basement area and shall be mechanically attached to the building. No permanent building, trees, retaining walls or loose rock walls shall be placed in the said easementways but same may be used for gardens, shrubs, landscaping and other purposes that do not then or later interfere with the aforesaid uses or rights granted herein.

7. Portland concrete public sidewalks four (4) feet wide by four (4) inches thick, shall be constructed in front of each built-upon lot and along the street side of each built-upon corner lot. The sidewalk shall be placed three (3) feet six (6) inches back of street curb line and shall be constructed by the then owner of the lot at the time of completion of the main structure and before occupancy or use thereof. In lieu of the installation of said sidewalk, because of weather, an escrow deposited with mortgagee, or the undersigned, or any other qualified escrow agent will be considered acceptable. No sidewalks need be built on sideyards abutting 138th Street.

8. Dwellings shall be restricted to the following finished living square foot areas, exclusive of garages, breezeways and porches:

(a) Nine hundred (900) square feet on the ground floor for a one-story home;

(b) One thousand (1,000) square feet throughout the home for a bi-level, tri-level, split-level, split-entry, 1½ story or higher; in each case, however, the foundation walls must enclose an outside ground area of not less than eight hundred (800) square feet;

(c) The minimum setbacks for a residential structure shall be, front yard, thirty-five (35) feet, and side yard, five (5) feet. Notwithstanding said requirements, the side and front yard limitations shall automatically be amended and changed in the event the City of Omaha, or any of its regulatory boards, shall determine and permit a lesser area or distance.

9. Motor vehicles of every type parked any where in the subdivision cut in the open must be in operating condition, otherwise, said cars at the request or action of any land owner may be towed away at the expense of the car's owner. Motor vehicles must be parked in garages, or concrete slabs or driveways, and all repair work must be done indoors. All boats and trailers of every kind and description must be parked or stored indoors so as not to be visible from outside.

10. No fences shall be permitted to be erected or maintained in front of the main residential structure.

11. No outside radio, television, ham broadcasting, or any other electronic antenna or aerial shall be erected or placed on any structure or on any lot, except such model homes used by the undersigned developer, its agents or assigns, for display and selling of homes in the addition.

12. In no event will any construction begin or any structure be erected or permitted to remain on any lot until the plans and specifications, plot plan and lot grading plan have first been submitted to and have received the written approval of the undersigned as to the exterior design, use of exterior materials, exterior colors, lot grading and placement of structures on the lot. No sign or billboard of any kind or size shall be erected, placed or permitted to remain on any lot until the undersigned has given its written approval therefor, except only "For Sale" signs not exceeding four (4) square feet in area will be permitted. The above restrictions as to signs does not apply to same erected by the undersigned developer, its agents and assigns, all in connection with the sale of property in the subdivision.

13. No animals, livestock, or poultry of any kind shall be raised, bred or kept on any lot, except dogs, cats or other household pets, provided they are not kept, bred, or maintained for any commercial purpose.
